LinkedIn

Summary

Detail-oriented graduate with skills in Python, data analysis, and full stack development, seeking an entry-level opportunity to develop data-driven applications and deliver actionable insights.

Skills

Languages: Python, JavaScript, HTML, CSS

Libraries: Pandas, NumPy, Matplotlib, Seaborn

Data Tools: MS Excel, Power BI

Frameworks: Django, Bootstrap

Database: SQL

Tools: VS Code, Google Colab, Git, GitHub

Projects

- **Smart Retail Analytics System — Python, Pandas, NumPy, Matplotlib, Seaborn**
 - Generated 3 large datasets (20,000+ records each) simulating real-world retail data including sales, customers, and products.
 - Performed data cleaning and preprocessing using Pandas (handled missing data, duplicates, and anomalies).
 - Conducted Exploratory Data Analysis (EDA) to identify trends, patterns, and business insights.
 - Built visual dashboards using Matplotlib and Seaborn for sales trends, customer behavior, and product performance.
 - Answered key business questions to support data-driven decision-making.
- **Hotel Booking Web Application — Django**
 - Developed a web application to manage hotel room bookings using Django.
 - Implemented authentication, booking system, and CRUD operations.
 - Designed database models using Django ORM.
 - Built responsive UI using HTML, CSS, and Bootstrap.
- **SlayIt Ecommerce Website — HTML, CSS, JavaScript**
 - Built a responsive e-commerce platform with dynamic product listings.
 - Integrated REST APIs for real-time product data.
 - Ensured mobile responsiveness and cross-browser compatibility.
- **Power BI Data Analytics Dashboard**
 - Created interactive dashboards using Power BI and DAX.
 - Transformed raw data into actionable insights using Power Query.
 - Designed visual reports with filters, charts, and KPIs.

Certification & Internship

Python Full Stack Development - JSpiders

Front-End Development Intern - Infokshetra Technologies

Education

Bachelor of Computer Applications (BCA)

2025

Shri S.R. Kanthi Arts, Commerce and Science College

CGPA: 7/10

Languages

English, Kannada, Hindi, Marathi
